Can NS&I change the interest rate?

You'll receive the rate on offer at the time you start a new investment term, and that rate will be fixed for the length of your chosen term. We can change the fixed rates on offer at any time. Each time we change the rate on offer we release a new Issue of Bonds.

How do I open and manage my account?

The Bonds are for customers aged 16 or over. You can hold them in your own name or jointly with one other person. You can also hold them in trust for one or more individuals.

The current Issues of Guaranteed Growth Bonds are only available to existing customers renewing a maturing Bond (see first page for details).

You can renew your Bond online or by phone if you are registered for this service; you can also renew by post. The minimum amount you can renew is £500.

As the current Issues aren't on general sale, you can't switch to them from another NS&I account or investment.

Can I withdraw money?

No, a Guaranteed Growth Bond is a fixed-term investment that has to be held for the full term.

This means that you won't be able to access your money until it matures.

We'll contact you to let you know your options at least 30 days before your Bond matures.

Additional information

We add your interest without deducting any tax. However, the interest is taxable so it will count towards your Personal Savings Allowance in the tax year that your Bond matures. Find out more at nsandi.com/tax-and-savings

We'll send you a statement in April each year, showing the interest you've earned and your balance. You can choose to receive your statements electronically or by post.

Definitions

Gross is the taxable rate of interest without the deduction of UK Income Tax.

AER (Annual Equivalent Rate) illustrates what the annual rate of interest would be if the interest was compounded each time it was paid. Where interest is paid annually, the quoted rate and the AER are the same.
